# ABOUT OUR WINERY

Our story begins in 1992 when the winery was originally named “Krelan” with Tychikos wines. Following a recent rebranding to Christoudia, it now only produces limited quantities of high quality wines from selected grapes of Larnaca and Paphos’ vineyards. There are 9 different labels and most of them are produced using Cypriot grape varieties. We are committed to reviving and promoting the indigenous grape varieties and their steady growth and recognition through our high quality wines with a distinctive character.

Christoudia winery is also the perfect venue for private dinners as well as corporate evenings such as product launches, team building events and Gala dinners.

Our team collaborates with businesses such as PWC, Deloitte, Webarts, Top Kinisis, IMH and many more. We understand that requirements for corporate events vary. At Christoudias, we are most certainly able to tailor packages accordingly.
